

African cable tray bracket specifications

Overview

Cable Tray Ceiling Mounting Bracket Specification: Material: carbon steel Q235B
Surface treatment: electrogalvanized Size: 123x33x35mm Thickness: 3.8mm
Application: Bracket can be used as a floor stand off for either mounted mesh basket or cable tray. Designed for horizontal and vertical application. "H" may vary This cable tray range is a cable support system that is easily assembled on site. The LT12 & LT19 tray system is designed to carry electrical/data/voice cables. For routing and helping several cable runs, the basket cable tray is the go-to solution. Our experienced teams and operations are present across the Middle-East North Africa regions (MENA) and Pakistan, giving us an extensive regional network that benefits our clients and partners. We are also present in Europe and expert in pipe and other wiring systems.
