

Andorra Fiber Optic Splice 8-core Agent

Overview

It is used as a termination point for the feeder cable to connect with drop cable in FTTX network system. Features Water-proof design with IP-65. Fiber optic splicing metal box for 8 adaptors SC simplex, LC duplex or E2000. All products' documentation is published in PDF (Portable Document Format), which requires Adobe Reader (ver. 5 and newer) software for viewing. Though we pay utmost attention, we cannot guarantee. Splice boxes, also known as fiber optic splice enclosures or fiber splice closures, are essential components in fiber optic networks. The 8-Core Optical Distribution Box's Windowed Design for Easy Fiber Maintenance The 8-core fiber distribution box features a windowed design, suitable for installers performing fiber maintenance without removing the entire box cover. Suitable for both indoor (telecom rooms, basements) and outdoor (exterior walls, utility poles) installations, protected against dust and water per IP55 standards.
