

Belgian Optical Cable Line

Overview

In 2002, SOFICO was entrusted with the management and development of Wallonia's optical fibre network. This network now constitutes approximately 4,000 kilometres of cables and covers the whole of Wallonia, Brussels and a small part of Flanders (Gand and Anvers mainly). Proximus is currently fully rolling out fiber in various. An FTTH network (Fibre To the Home) refers to the optical fibre connection that links the customer to the provider's telecom network. In case of FTTH this optical fibre enters the home, but there are other FTTx networks, such as: FTTC: Fibre to the Cabinet: optical fibre up to the street cabinet. The BIPT publishes a fibre map showing FTTH roll-out. This map can be found on the BIPT data portal. These data include the. Since 1964, Belram has been a leading Belgian and Luxembourg distributor of connectors, cables, interconnection systems and accessories for professional power, control, data, audio, video and lighting applications. Cable drums. Brussels• Fluxys Belgium and GasLINE have signed an infrastructure cooperation agreement with a view to facilitate fibre-optic network expansion in Western Europe. Telcom est un bureau d'étude technique spécialisé dans les réseaux de télécommunications fixes (FTTx).
