

Cable tray 30-degree elbow accessories

Overview

Choose from the following: Horizontal elbows, Vertical elbows, Tees, Reducers, Cross pieces, Branches Class 1 Tray Fittings are designed for use with NEMA Classes 12B and 12C Cable Trays. These systems have 1-1/8" wide side rail flanges and 4-hole splice plates. The 30° Horizontal Elbow is an ideal choice for installations where large diameter cables are involved in long span situations. It effectively reduces the overall tray width and provides a seamless transition between straight sections and fittings. Class 1: Designed for use with NEMA Classes 12B. Explore our full collection of Metallic Ladder 3D Drawings, including horizontal fittings, vertical fittings and metallic tray. Filter Results Results refresh instantly as you filter. Product families are typically. Cable tray fitting accessories, also known as cable tray accessories, are a wide range of components used to connect, support, or change the direction of mated cable trays. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore.
