

Cable tray cable management rack U

Overview

Cut to suit a range of rack heights, these steel, 'U'-shaped, cable trays, available in two widths and three finishes, fix to the front-to back cross members in a rack. The zinc plated versions also secure to the flanges of the top and bottom cov. Cut to suit a range of rack heights, these steel, 'U'-shaped, cable trays, available in two widths and three finishes, fix to the front-to back cross members in a rack. The zinc plated versions also secure to the flanges of the top and bottom covers of the ES362 and ES396 Series racks. The trays have slots for the use of cable-ties. Finish: Grey, R. These are full-width, 19-inch, 1U rack-mounting panels with a 'letter box' style slot for cables. The slots are masked with 'brush' strips which allow cables to pass through while presenting a tidy appearance and avoiding the cables dropping back into the rack. The steel panels are folded back at top and bottom to increase rigidity. Finish: Grey, R. Occupying only half a rack unit of height, this is a 19-inch rack mounting steel bar which can be mounted on the front, rear or intermediate rack-mounting profiles of a rack and used to support cables. Finish: Black, RAL 9005, powder coat. Available in two heights and two colours, these are 19-inch, rack-mounting panels, fitted with five 'loops' to route cables neatly. They can be fitted to the front, rear or intermediate 19-inch rack-mounting profiles of a rack or cabinet. The 'loops' have an opening for ease of running cables. Finish: Grey, RAL 7035, or black, RAL 9005, powder coat.
