

Cold aisle cabinet accessories

Overview

A cabinet supported cold aisle containment solution consists of aisle-end doors and roof system to prevent the cold air in aisle mixing with the hot air. With the help of sealing accessories, cooling efficiency in racks can be maximized. Pre-assembled frame with slide-locks for easy installation, airtight gaskets, ergonomic handles, and panel options in clear or multiwall. Used as an alternative to an additional sliding door. Prevents the uncontrolled escape of air from the cold/hot aisle. This Product Category has products that are hidden either due to your Product Country of Use settings or your chosen filters. Its. Make your cabinet complete with multiple accessories to choose from: different door types, cable or airflow management accessories, position adjustment. Anything is possible! And all pre-assembled in the factory which saves you assembly time on site.
