

# Comprehensive Cabinet for Communication Equipment Room

## Overview

Telecom cabinets are specialized enclosures for housing servers, routers, switches, modules, and other essential telecommunications equipment. These cabinets protect equipment from external factors, facilitate cooling, and provide organized cable management. Upon completion of the installation, a third party field verification firm will independently verify. Adds rust protection, suitable for harsh environments. Protects against dust and low-pressure water sprays. With Canovate's industry-leading telecom cabinet solutions, businesses can build reliable, scalable, and future-proof network infrastructures. ft), then Size: 3m (10 ft) x 2. 4m (8 ft) Allows center placement of racks, cabinets, or enclosures. Scalable rack frames designed.
