

Dimensions of a Mobile 72-Core Fiber Distribution Box

Overview

Model Number:: SH-OFDB118-72C/96C Name: 72 core, 96 core Fiber optical distribution box Material: PC ABS Installation method: Wall-mounted or Pole mounted Color: Grey Application: FTTH FTTB FTTX Network Dimension: 485*415*145 mm 1). Fiber Management Tray also called ODF Distribution Box, Integrated Splicing and Distribution ODF. It is mainly used for cable inlet, grounding and fixing and the splicing between the terminal end and pigtail. It integrates splicing, signal splitting, storage and cable distribution function within a single enclosure for outdoor installation. The SJ-ODB-72-SMC Junction Box Fiber Optic delivers robust IP65-rated protection for 72-core fiber connections in versatile FTTX applications, featuring durable SMC construction for reliable indoor/outdoor telecommunications infrastructure deployment. The SJ-ODB-72-SMC SMC Fiber Distribution Box is. The 72-core ODF Unit is a key device used in fiber optic communication systems for cable termination and distribution, enabling fiber line connection, distribution, and scheduling. Please feel free to call our customer service hotline or leave us a message online. Environmental Requirement Model Number::.
