

Dutch cable tray support manufacturer

Overview

Since its founding in 2014 by Ferry van Herwijnen, Ferry van Dijk and Carlos Bascuas, Trayco Netherlands has become a leading supplier of cable support systems and PV solutions. What started with just five employees and a 200 m² warehouse. Steel, aluminium, PVC and GRP cable management systems and a full range of accessories – the extensive Niedax Group portfolio has the right solution for your specific electrical installation needs. These products all differ from one another and have distinctive features: construction reliability, product finishing and the simplicity in processing. Thanks to its robust construction and material, manufactured from high-quality steel with an EZ1000 surface treatment, RoofSupport ensures a safe and durable installation that meets the highest. The Tray is a "Light Duty" cable duct and available in various designs, including as a NATO tray. Tray contains continuous longitudinal slot perforations, applied according to EMC guidelines. Our products are used in markets such as offshore, chemical, petrochemical, heavy industry, energy.
