

EM2000 Fiber Optic Patch Cord

Overview

Unisol E-2000 fiber optic patch cords are advanced optical cables designed to offer reliable, high-speed connectivity for a wide range of fiber optic applications. Spring-loaded shutter automatically covers the ferrule end-face when disconnected, preventing. Fiber optic patch cords from EFB-Elektronik ✓ large selection ✓ all common connector types ✓ Order today!OTRANS's Uniboot fiber optic patch cords are designed specifically for high-density application environments, with one tube of dual core, supporting customers to lay more cables in a smaller space, easily addressing space challenges in ultra-high density application environments, and achieving a. rformance and stability. The E2000 connector has a compact structure and strong plug-in durability, ensuring stable and reliable fiber optic connections. Suitable for various network environments, especially data. BlueOptics SFP3838 (compatible with Standard Code (Cisco)) Fiber Optic Patch Cable with E2000/UPC-E2000/UPC connection in ##Length## length with fiber category OM1. With laser-optimized Multi-mode fiber from the BlueOptics brand. All BlueOptics patch cables are SFP3838 compatible and support all.
