

Estonian six-core optical cable manufacturer

Overview

Fineltec was established over 25 years ago in 1993, and our combined experience exceeds 1000 years. We started our business as a fine mechanics provider for the telecom industry. ETK Kablo is a member of ETK Group which is dealing with cable manufacturing, telecommunication infrastructure, sewerage infrastructure, hydraulic infrastructure, natural gas infrastructure. The production site in Tallinn, Estonia, is at the forefront of assembly, proudly standing as the largest fiber optic termination facility in the Baltic and Scandinavia. After the production started in 2002, this production facility has grown to be the biggest fiber optic termination house in the. The company specializes in manufacturing fiber optic products and solutions for the telecommunications industry, including various types of multifibre cables. This group includes all kinds of multifibre cables, hybrid cables, ribbon cables, special solutions, etc. Our own production at our Oulu factory started in 1996, manufacturing cables. Our focus lies in cable materials production. Edmund Optics® has the expertise to bring your concept to production, design optical components or full optomechanical assemblies tailored for your ne. Get your 3D printed parts with complex geometries in just a few days.
