

Explosion-proof distribution box BT4

Overview

Flameproof and explosion proof, these power overhaul distribution boxes are suitable for use in hazardous areas. Main switch: Maximum current is 180A. We use the process of die casting to make it. We always according to our clients'. Supplier highlights: This merchant is both a manufacturer and trader with quality control capabilities, offering full customization, design customization, and sample customization services. Main sales countries include Indonesia, Ghana, Trinidad and Tobago, with a positive review rate of 87. Shandong Harbor Electric Power Engineering Co. Power Distribution Systems: Various high-performance distribution. Explosion-proof circuit breaker (MCB) box Manufacturers ● It is energy-saving and environmental protection which the power consumption is only 19% of the same brightness of incandescent lamp. ● It is long life and maintenance-free which the service life is up to 50000 hours and the maintenance-free. BXM (Explosion Proof) Distribution Box is a standard distribution box for Heat Trace Cable b of electricity antifreeze, using a hanging or vertical box structure, power cable entry at the bottom of the box, IP54 protection Level, a variety of air circuit breakers are installed, with leakage.
