

Fiber Optic Cable Conduit Powder

Overview

Fiber In Conduit (FIC) is a durable high-quality product for direct burial and horizontal directional drilling applications. OCC's durable DX-Series and HC-Series construction fiber optic cables can now be combined with smoothwall High Density Polyethylene (HDPE) Conduit in one product – Fiber In Conduit (FIC). This makes it easier to comb your fingers through to form, or dress, the cables. A small amount on the "nose" (leading edge) of the cable jacket makes it easier to pull cables through conduits. Cable provides protection for the optical fiber or fibers within it appropriate for the environment in which it is installed. Whether you're setting up a network in your home or installing fiber optic cables for a large-scale project, one crucial factor to consider is the conduit. The stainless steel core won't rust, and the
