

Fixed pigtail cable and terminal box

Overview

Abbreviated as OTB, fiber optic termination box is mainly used for the fixing of optical cable terminals, the fusion of optical cables and pigtails, and the storage and protection of remaining fibers. Fiber optic termination box is also called fiber optic. Fiber optic termination box is made of ABS and ABS+PC material, which is a box for protecting optical fiber cable and pigtail welding at the termination of the optical cable. As a professional fiber optical terminal box manufacturer, UnitekFiber provides fiber terminal boxes with various waterproof. The FTTx program of EFB-Elektronik features a selection of precisely coordinated FTTH components: Our product range includes everything from fiber optic installation cables to pre-fabricated components, FTTH distributors and boxes to ferrules and installation accessories. It is equipped with 12 SC adapters and can work in outdoor environments. How can I pay for my order?

We accept T/T. Suitable for SC,FC, ST,LC,duplex and simplex both available Full assembly or empty panel optional RoHS Compliant.
