

Haiti High Voltage Complete Equipment Company

Overview

Haitai is such a company engaged in producing complete set of marine electric and auto-control equipment, and we also accept OEM and ODM orders both at home and abroad for a great variety of complete-set of HV/LV electric equipment. For Megan McDonald, project management wasn't the plan—it was the path she grew into. Established in 2001, Haitai Marine Electric Appliance Co. Renowned for delivering high-quality machinery, reliable service, and competitive pricing, FME has built a strong reputation as a trusted partner for businesses. The high voltage equipment market in Haiti is growing due to the rising demand for reliable and durable equipment capable of handling high voltage applications. This market encompasses a wide range of products, including transformers, switchgear, and circuit breakers, which are crucial for power. We are a switchgear manufacturing company that specializes in the production of low, medium and high voltage switchgear. At Hiva, we are dedicated to delivering reliable and efficient energy solutions.
