

How are explosion-proof electrical distribution boxes in Pakistan

Overview

Watertight modular boxes in antistatic thermosetting (GRP) suitable for applications in areas at risk of explosive atmospheres as defined in ATEX Directive 2014/34/EU. The cover is attached to the back box by means of stainless steel screws, while the sealing is guaranteed by a gasket in non-ageing. Aziz supplies diverse range of intrinsically safe and explosion protected electrical and electronic equipment. We offer an extensive range of products that are all certified for use in potentially explosive atmospheres. Our products are designed to ensure safety and reliability in hazardous environments, providing robust. We offer Explosion Proof Junction Boxes (JBs), Control Stations, Distribution Boards and accessories for hazardous locations designed to prevent outside pollutants from getting in, and allow electrical energy to be safely distributed and controlled.
