

How many volts is the explosion-proof distribution box in Nigeria

Overview

This distribution system is suitable for circuit of AC50/60 Hz, rated voltage up to AC660V, rated current up to 125A of distributing control of modern building such as large office mansion, hotel, commerce department industrial and mining enterprises and so on. Fairtex Group has experiences in the field of Explosion Proof Equipment and ATEX products, OEM design and manufacture completely new range of products suitable to be used in any hazardous area such as chemical, petrochemical and pharmaceutical industries, Oil & Gas onshore/offshore plants. Explosion-proof lighting distribution boxes and cabinets come in a variety of models. They vary in terms of materials, including metal and flame-retardant plastic; installation methods, such as vertical, hanging, concealed, or exposed installations; and voltage levels, including 380V and 220V. Industry Safety Nigeria is a trusted supplier of ATEX-certified products designed for use in explosive atmospheres and hazardous zones. Enjoy safe shopping online with Jumia. It can protect electric appliances from. ABT Distribution Box – SPN (Single Pole & Neutral) Ensure safe, organized, and efficient power distribution with the ABT SPN Distribution Box, designed to protect. ABT Distribution Box – TPN (Triple Pole & Neutral) Manage and protect your three-phase electrical system with confidence using the ABT.
