

# How much does a 6-junction box set cost

## Overview

Junction box costs range from low-price indoor models (\$10-\$60) to weatherproof units (\$70-\$450), with installation averaging \$100-\$300 depending on location and materials. If you're planning any electrical work, one of the small but important items on your list will be the junction box. Metal boxes are generally more expensive than plastic ones. Specialized boxes, like those for outdoor use or specific applications, also contribute to the overall. Junction box installation costs \$100 to \$300 for parts and labor, depending on the installation location, accessibility, and the electrical box size, material, and indoor or outdoor rating. Small, standard thermoplastic boxes designed for indoor single-gang switches or outlets are the most budget-friendly option, typically costing between \$0.50 and. The CAT6 Network Junction Box represents a professional-grade solution for establishing reliable Ethernet cable connections in modern network installations.
