

Huijue 36-core fiber distribution box

Overview

This 36 Cores Fiber Optic Distribution Metal Box with internal structural parts, optical fiber connector, optical splitter (optional) and accessories, can be installed in wall, pole and other positions. It's convenient to do the connection and distribution of optical cable. Company Introduction: Established in 2001, Shanghai Huijue Network Communication Equipment Co. The headquarter of HJ Network including the R&D center, technical center, prototype. Fiber termination box (shortened as FTB or OTB), is mainly used for the terminal fixing, the protection of the splice joint between the fibers and the pigtails, and storage of the spare fibers. Easy to install and. 36 Cores FTTH fiber optical terminal box, outdoor fiber optic termination box is used in wiring connection between optical cable and optical communication equipment, through adapter in distribution box, optical fiber jumper leads optical signal, realize optical wiring function, and can meet the. Fiber Optic Distribution Box HJ-GF-KJW-36A Overview Fiber-optic cable distribution box (FODB) HJ-GF-KJW-36A is a 36-core plastic fiber distribution box, has the functions of fusion and optical distribution. Environmental conditions Company Introduction: Established in 2001.
