

IK10 Imported Fiber Optic Cable Tray

Overview

The boxes can be configured to address a wide range of fiber optic splice and/or connectivity applications for PON, GPON and 5G networks. The engineered design provides IP65 protection from water / dust ingress and IK10 impact resistance to keep your critical network. Therefore we've designed the brand-new Fiber Optic Boxes MDB to simplify deployment, maintenance and control your costs. It supports all types of fiber optic networks and helps create all configurations of fibre distribution and direct termination of connectors. Corning has a variety of hardware solutions including ethernet fiber switches, panels, racks. Our Fiber Cable Tray System is a comprehensive raceway solution for data center, enterprise, central office, and mobile switching center applications.
