

# Israeli Switch Industry Brands

## Overview

The Israeli Ethernet switch market on online platforms is characterized by high brand concentration, with a few major players dominating sales volume and mindshare. Cisco and NETGEAR consistently hold the largest market shares, followed by TP-Link and Ubiquiti. Ethernity Networks specializes in advanced networking solutions, offering a range of FPGA-based products, including their ENET Switch Router FP, designed to enhance network performance and adaptability in telecom, cloud, and enterprise environments. In addition to device type, network equipment is defined by protocol (e. Subscribe to global trade data intelligence to discover new business. Some of the leading network hardware companies in Israel include Check Point Software Technologies, RAD Data Communications, Mellanox Technologies, and Ceragon Networks. Cisco and NETGEAR consistently.
