

# Lighting distribution box including intelligent lighting

## Overview

These devices combine traditional modular wiring boxes with intelligent DALI lighting control, saving on equipment whilst still providing a plug and play lighting solution. Utilising DALI short addressing, all lighting connected is individually controllable once commissioned. Every product in our vast range is carefully designed to ensure that it provides the best experience for the user. Our Lighting Distribution Boxes are by no means an. Digital technologies such as Cloud Computing, Big Data, Internet of Things (IoT), Artificial Intelligence (AI) and Industry 4. 0 are phenomenon which are changing the world we are living in. To answer the most demanding market. Our company is committed to creating comfortable, artistic, safe and intelligent home appliance environment and professional, safe, reliable and efficient working electricity, industrial control and automation environment for customers in global emerging markets with cost-effective, efficient and. Our comprehensive Lighting Distribution Boxes are essential components for professional electricians working with Lighting, Lamps & Tubes installations. Whether you're installing LED Lamps, LED Tubes, Fluorescent Bulbs & Lamps or heavy-duty commercial lighting, our distribution solutions ensure. The Click Flow™ range has been designed to help contractors create more complex lighting installations quickly, easily and safely. It features a number of products that allow the quick connection, configuration and re-configuration of circuits, primarily intended for lighting.
