

List of AI server vendors

Overview

(US), Hewlett Packard Enterprise Development LP (US), Lenovo (Hong Kong), Huawei Technologies Co. To bring clarity to the market, ABI Research's AI Server OEMs Competitive Ranking assesses eight global AI server companies. We evaluated server manufacturers based on performance, partner channels, workload optimization, environmental impact, future-readiness, and other criteria. 88 billion in 2024 and is projected to reach USD 837. The current landscape is defined by three major trends shaping vendor strategies Today it serves as a core operating layer for most organizations, powered by automation platforms that “reshape how teams design, orchestrate, and govern AI agents at scale. AI-powered hardware, software, and new agents, features and capabilities are helping enterprises. If you're buying AI servers, you're choosing between OEMs (original equipment manufacturers) and ODMs (original design manufacturers). AWS, Google, Meta, Microsoft, and Oracle buy direct from ODMs like Foxconn, Quanta, and Wistron, skipping the OEM entirely. For enterprises that don't operate at. These massive computing needs have given rise to a new breed of technology providers: AI server companies.
