

# Low Loss Indian Optoelectronic Hybrid Cable

## Overview

This cable is constructed with 3 core 2. 5mm<sup>2</sup> copper conductor cable & 4 Core fibre cable with LSZH /PE jacket for internal/external applications. Mumbai, 25/March/2026: STL [NSE: STLTECH], a leading connectivity solutions provider for AI-ready digital infrastructure, today announced a significant breakthrough in optical communication with the launch of India's first Hollow Core Fibre (HCF) cable. This innovation, from STL's industry-leading. DuetConnect Hybrid Copper-Fiber Cables allow one cable to offer the advantages of DC power and fiber, safely delivering both over long distances to remote locations where standard power is unavailable or too costly to install. Various cable constructions within the portfolio offer unlimited. CommScope bundles hybrid cabling to your custom specifications, using our high-performance fiber-optic, unshielded twisted pair and coaxial cables. These cables play a vital role in ensuring efficient data transmission and power supply across various applications. Learn about types, applications, technical specs, and their role in industrial, offshore, and smart infrastructure systems. In the rapidly evolving landscape of modern.
