

Mozambique Tail Fiber Channel Supplier

Overview

Alcatel Submarine Networks (ASN) is responsible for manufacturing and deploying the 16-fiber pair, 180Tbps cable, which is due for final completion in 2024. From seabed to cloud, Seacom delivers resilient connectivity and secure digital services – so your business runs faster, safer and smarter. Seacom launched Africa's first broadband. It is a company with a deep-rooted tradition in the Mozambican market, dedicated to the commercialization of electrical cables, telecommunication networks, and treated wooden poles. Made by Bang Bang Agency © 2026 Grupo Visabeira. In the telecommunications and systems area, Visabeira Global's activities range from the design to the construction, installation and maintenance of fixed-line, mobile and wireless telecommunications networks, as well as of systems and equipments in the transportation and defence and security. WIOCC has signed a landmark Framework Agreement (FWA) with TMCEL to deliver enhanced high-capacity connectivity solutions across Mozambique and the Southern African region via 2Africa subsea cable and terrestrial routes into South Africa.
