

New Zealand Standard Optical Cable Manufacturer

Overview

GeneralCable New Zealand Limited is the country's largest manufacturer of energy and communications cables. Oplinx NZ has been established as a competitive contender to lead the optical market with strategic innovation and customer focussed pro-activity. Argus CableTech specializes in the manufacturing of fiber optic cable assemblies. But we have not just supplied the cable, often we are the suppliers of all the hardware and accessories for use throughout New Zealand and the pacific islands. This has meant we often have to customise the products to meet New Zealand's harsh UV (ultraviolet) light conditions, or high salt levels. Our products are built to withstand extreme vibration, temperature fluctuations, and environmental stress — ensuring dependable operation in mission-critical flight and ground support systems. Our products are engineered for durability, resilience, and absolute dependability, ensuring uninterrupted. Find and discover Optical Cable manufacturers and suppliers for all products in New Zealand, featuring details on their shipment activities, trade volumes, trading partners, and more. View all optical cable buyers based on products in New Zealand. Subscribe to global trade data intelligence to. atg source its supply from a number of manufacturers, which gives us access to both new technology and fibre types, as well the ability to locate older styles of fibre types, including plastic fibre.
