

Nordic Cable Tray Laying

Overview

Nordic Wire Tray's cable laying system consists of wire trays sold under the X-Tray brand. We help you! We understand that every project has unique requirements. Cable trays has an overall mission: to organize cables. In order to successfully meet the market's demands, high requirements and adaptations to various industries, a broad and well-thought-out range is required. Our product range includes galvanized steel and acid-proof steel cable ladders, cable trays, wire mesh trays, lighting tracks, and aluminum-frame cable management systems, socket poles, and the unipro® lighting track system. Fast installation – Reduce installation costs with quick and efficient. We offer a wide range of cable tray systems to support tubing, electrical cables and instrumentation. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore. The width varies from 25 mm to 600 mm and the height from 25 mm to 125 mm.
