

Nordic Intelligent Optical Attenuator

Overview

First class performance and extremely reliable. The attenuation values of these components range from 3 dB to 30 dB. The selectable parameters of the variable attenuators range from. ViXion01S eyewear uses Nordic nRF52840 SoC to supervise sensors for distance measurement and nPM1300 PMIC for low power system management Japanese Technology company ViXion Inc. Here you will find a comprehensive overview of all our product sheets, data sheets and catalogs. High-end optronics and integration services for safety-critical. Attenuators from VIAVI offer a complete range of power-balancing options, from fixed to variable optical attenuators in field, lab, and manufacturing environments. VIAVI offers the industry's most complete range of optical attenuators for installation and maintenance of singlemode and multimode. MIC Nordic provides companies, organisations and public authorities with superior coverage in residential areas and office buildings, in car parks and tunnels, in vehicles, in sports arenas, in city centres and shopping malls, at trade fairs, in hotels and conference rooms, and in hospitals.

Products | IAC Acoustics A/S

IAC Acoustics offers total solutions within noise reduction, acoustics and vibration isolation. We are experts in solving challenges with noise, acoustics and vibrations.

Feb 03, 2026

Optical Attenuators | Precision, Types & Applications

Explore the world of optical attenuators, their precision, types, and applications in telecommunications, testing, and signal management.

Jan 13, 2026

Attenuators | Acoustic Attenuators For HVAC Systems

By ensuring testing of our Attenuators, we are able to guarantee noise reduction performance of any unit. Our noise-reducing attenuators are developed for fan units and other equipment within heating,

May 15, 2026

The Pivotal Role of Optical Attenuators in Fiber Optic

In the sophisticated domain of fiber optic communications, optical attenuators are indispensable for preserving the equilibrium and fidelity of signal

Aug 27, 2025

Mastering Optical Attenuators in Optical Physics

Explore the world of Optical Attenuators, their types, applications, and significance in Optical Physics, enhancing your understanding of signal management.

Nov 19, 2025

Acoustics

Our attenuators take on ductborne noise with unparalleled precision, targeting critical frequencies. It's not just about less noise, - it's about enhancing the quality of life in the offshore working environment.

Feb 28, 2026

Optical attenuator | Description, Example & Application

An optical attenuator is an essential component in fiber optic communication systems that allows for the precise control of signal strength.
