

Patch Cord Fiber Optic SC-FC Green Connector

Overview

The FC SC simplex multimode fiber optic patch cables feature reliable quality and compatibility with international and industrial standards. A good connector: Provides low insertion loss (minimal signal attenuation). The fiber optic jumper can be categorized by fiber optic connector types, When we name SC fiber patch cable because this. As networks move to higher speeds and higher density, choosing the right fiber optic patch cords becomes critical to the reliability of your system. At ZION Communication, we design and manufacture a full range of fiber patch cords for: This guide will help you quickly understand the main types of. Patch cords can be used for all applications that request data transmissions greater than 2. All standard cable configurations meet your interconnection needs.
