

Price List for Polyurethane Cable Tray Installation

Overview

TL;DR: Basic wireway systems cost \$8-15 per linear foot, while heavy-duty cable tray installations range from \$12-25 per foot including materials and basic installation. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Aluminum wireways cost \$8-15 per linear foot vs steel at \$3-8 per foot. Installation adds \$12-25 per linear foot depending on complexity and mounting method. Total project costs range from \$15-40 per linear foot including materials and labor. Surface-mounted systems cost 20-30% less than suspended. Although metal pipes (conduit) may appear cheap initially, they tend to be the most costly option when the job is finally complete, since they consume a lot of time to install. The cable tray are for hot dip galvanized ladder type cable tray. The price is based on standard length of the cable tray which is 2. This guide breaks down everything buyers need to know, from price trends to cost-saving tips.
