

Safe City Jordan High-Density Fiber Distribution Box 6 Cores

Overview

The fiber optic distribution box accommodates up to 6 core fibers and supports outdoor applications within FTTH network system. The entry size of the drop cable is perfectly designed to accommodate 2x3. Main Purpose: 6-core fiber optic distribution box, widely used in FTTH project, easy to construct and provide good protective operation. 6 Cores Fiber Distribution Box FDB-106B IP-55 SC Connector PLC Splitter Fiber Distribution box (FDB), known as optical Distribution box (ODB) as well, is a compact fiber management product of small size. It is normally installed in the way of wall mounting 1. Water-proof design with IP65 Protection level 2. 288 core catering various optical deployment. FTTH Box comply with salt spray test, crush test and temperature cycling under international standard.
