

Silicone spiral wound tube flexible fiber optic cable protective sleeve

Overview

The "Silicone Spiral Tube" is a spiral tube made of silicone rubber that is highly flexible and excels in heat resistance and bending resistance. It can protect and bundle optical fibers, which are sensitive to lateral pressure, without putting any strain on them. Find your Panduit distributor today. As silicone material is more flexible than normal spiral wrapping band, It also serves as protection for fiber optic. Smart Filtering As you select one or more parametric filters below, Smart Filtering will instantly disable any unselected values that would cause no results to be found. To use the less than or greater than function, please select a value. Shop DigiKey's large in-stock selection of Spiral Wrap, Expandable Sleeving. View inventory, pricing and order now for same day shipping!Silicone spiral wrap can be used to protect SpiderWeb Ribbon® bundles (up to 288f) as well as up to 12 standard ribbons. The silicone spiral wrap can protect expressed fiber slack in various applications as well as act as a transition tube from a slack storage basket to splice trays in various. Protective tubing refers to a flexible tubular wrap used to encase and shield individual cables or wire bundles.
