

Supply of power distribution boxes from Palestinian manufacturers

Overview

The Israel Electric Corporation (IEC) supplies most of the electricity in the Palestinian territories. PETL is the sole buyer of imported electricity for distribution in West Bank Areas A and B and in the Gaza Strip, which in turn supplies the electricity to the six Palestinian distribution companies. In West Bank Area C, including the settlements, IEC supplies the electricity directly. In norma. Overview produces no oil or natural gas and is predominantly dependent on the (IEC) for electricity. According to, the Palestinian Territory "lies above sizeable reservoirs of oil and natu. Almost all liquid fuel used in the Palestinian territories is supplied by or via Israel. The supply of petroleum is centrally located at two different terminals in the West Bank and one terminal at the, at the. In 1999, Palestine Electric Company (PEC) was formed in the Palestinian territories as a subsidiary of Palestine Power Company LLC to establish electricity generating plants in territories under PA control. In 2010, PA.
