

Type 144 optical cable

Overview

This Singlemode OS2 fiber optic cable is designed to handle long-distance, high-traffic environments such as large universities, industrial parks, and enterprise-level networks. This cable simplifies installation and wiring in complex setups with 144 strands organized into. Corning ALTOS® all-dielectric gel-free cables are designed for outdoor and limited indoor use for backbones in lashed aerial and duct installations. The loose tube gel-free design is fully waterblocked using craft-friendly, water-swallowable materials, which means cable access is simple and no clean. To prove you're not a bot, solve this simple math problem. The machine translated document is now available for download. Outdoor dry core optical fiber Multi Loose Tube cable with aramid yarns as strength member, polyethylene inner jacket, Steel Wire Armouring (Full Rodent Protected) armor and polyethylene outer jacket. Product feature: This. r-blocked and gel-free construction. ADVENTUM Cca cables are compliant with the European Construction Products Regulation, achieving EuroCla s level Cca according to EN 13501-6.
