

What are some manufacturers of fire-resistant optical cables

Overview

The global key manufacturers of Fire Resistant Fiber Optic Cables include Prysmian, Hengtong Optic-Electric, Furukawa, Corning, Yangtze Optical FC (EverPro Technologies), Zhejiang Futong Technology Group, Sumitomo Electric, Tongding Group and CommScope, etc. As a manufacturer, we know that the chemical composition of the cable jacket (Plenum, Riser, or LSZH) is the most expensive part of the production BOM. We will also clarify the confusing jargon (OFNR vs.) on DirectIndustry, the industry specialist for your professional purchases. According to our (Global Info Research) latest study, the global Fire Resistant Fiber Optic Cables market size was valued at US\$ million in 2024 and is forecast to a readjusted size of USD million by 2031 with a CAGR of %during review period. This report is a detailed and comprehensive analysis for. Typical applications for Tratos' fire resistant cable include public buildings, schools, hospitals, underground and overground railway stations, department stores, cinemas, hotels, theatres and computer centres as well as offshore vessels and hazardous environments such as Oil & Gas platforms. The. Fire resistance and Dca, Cca & B2ca Euroclasses optical cables. Available in high density of fibers. Available in. Our fire resistant/fire survival cables feature a steel wire/steel wire braiding/corrugated steel tape armour to provide mechanical strength. Optical cables used in vital communication and emergency systems need to be operational during fires. The outer sheath is made from black UV-stabilised and.
